## PAVING MATTERS TAKE COUNCIL'S ATTENTION

### Bids Asked For on Work Proposed for Several Streets

### BUSY SESSION IS HELD

### Numerous Problems Presented for Adjustment—Monthly Reports Made

With the hearing of reports, paving and sewerage estimates, examining and accepting bills, the passage of a large number of paving ordinances, and the hearing of complaints, borough council held a busy session Tuesday night. All the members of council were present.

The grading ordinance for Cherry alley between Third and Fourth streets, and the paving ordinance for Lincoln avenue between Sixth street and the intersection of Lincoln avenue and Washington avenues passed final reading. They were ordered printed and posted. The borough clerk was instructed to advertise for bids on the paving work proposed. All the bids are to be in on or before July 17, at which time council will meet.

Ordinances for the paving of Third, Fourth, Seventh, Eighth and Ninth streets from Washington avenue to Lincoln avenue passed the first reading and were ordered printed and posted.

Burgess S. L. Woodward reported fines collected during the month of June amounting to \$65. The treasurer's report showed disbursements of \$7,567.77, and collections of \$1,350.78. The tax collector secured \$937.56 during the month. A large number of bills were accepted and ordered paid. The West Penn Electric company's bill was held up until they move their pole at the corner of Lincoln avenue and Second street.

The final estimate of John W. Hallam for the paving on Lincoln avenue from Second street to Fifth street, amounting to \$9,179.74 was presented to council. It was accepted and a warrant ordered drawn for \$3,270.71, the balance due. The estimate of Thomas Arrigo, for sewerage on McKean alley near Eighth street and sewerage at the playgrounds amounting to \$259.55 was accepted by council and a warrant ordered drawn.

The borough engineer was instructed to prepare the assessment sheet for paving on Lincoln avenue. Assessor J. L. Reeves was instructed to prepare an assessment book for the coming year.

People living on Oakland avenue complained of surface water injuring their property. Several people living in the vicinity of Crombie's Coal works complained that the alley was being filled with refuse from the mine thereby causing water to flood their premises. The company was notified to clean up the alley and keep it in good condition. H. S. Piersol was present and addressed council relative to the sidewalk grade in front of his property on Meadow avenue. The borough engineer was instructed to look up the matter.

Council passed a resolution to give the old soldiers a hearty welcome when they hold their reunion August 20 and 21. Council voted to co-operate in the celebration when the street car line to Bentleyville is off.

## Getting List of Members

### Systematic Work Started to Provide Means For Securing Bathing Beach

As a result of a meeting of boosters of the bathing beach project in Charleroi, a membership list is now being prepared. The idea is to constitute an organization that will serve to guarantee the ultimate consummation of plans for the establishment of a good bathing beach. Through this organization expense incidental to the preliminary work will be cared for.

Plans for a bathing beach at the foot of Second street along the river front were discussed and enthusiasm was shown. Citizens generally are displaying enthusiasm in the scheme.

## PRINCIPAL OF SCHOOL IS NAMED

### Prof. W. H. Phillips, of Washington Gets North Charleroi Job

### OFFICERS ARE ELECTED

Prof. W. H. Phillips of Washington, was chosen principal of the North Charleroi schools at the meeting of the board Tuesday night. Mr. Phillips has had 11 years experience, as a teacher. He was formerly supervising principal of Canton township schools. The board had 13 applications to choose from, 11 men and two women, with teaching records of from one year to 20 years.

The board re-elected S. W. Sharpneck, secretary and R. H. Rush of the First National bank was elected treasurer. R. A. Metz, was chosen to take the school census.

The contract for the school supplies for the ensuing year was let to William G. Johnson and company of Pittsburg.

### VERDICT FOR PLAINTIFF; COSTS FOR PROSECUTOR

The case against Samuel Friedman, charged with assault and battery in connection with a fight which took place on McKean avenue about two weeks ago, was thrashed out before a jury in Justice Young's court in Carroll township Tuesday night. The jury brought in a verdict that the plaintiff was not guilty and directed that the prosecutor, S. Tush pay the costs of the prosecution.

## COAL TRADE ALONG RIVER SLACKENS UP

### First Half Year Period of 1914 Poorer by 16,000,000 Bushels Than Corresponding Period of 1913

Month	1914	1913
January	13,352,000	12,980,000
February	12,980,000	19,152,000
March	19,152,000	6,988,000
April	6,988,000	18,200,000
May	18,200,000	17,337,000
June	17,337,000	

Three poor months in the river coal trade caused the total shipments for the first six months of 1914 to fall far short of the splendid record made the first six months in 1913. During January the trade was hampered by the strike of engineers of towboats along the Monongahela. In February ice, bad weather, a short month, and the continuance of the engineers' strike interfered with the coal trade. April was a poor month, because of the unsettled condition of the miners and the fact that some of the miners were only working part of the time and many not at all.

March, May and June were exceptionally good months, despite the fact that the coal trade has been short for the last two weeks owing to the shortage of barges, caused by low water conditions in the Ohio river. Scores of loaded barges are tied up in Pittsburg awaiting a rise. It is believed that the shortage in shipments would have been made up or practically so if the water had remained at a higher stage.

The following is the coal record at Lock No. 4 for the six months given in bushels:

## CHANCES FOR FEWER DOGS IN COUNTY GOOD

### August 1 Named as Dog Day by Commissioners And Indications are That Thenceforth Dog Heaven Will Be Well Filled

Fully 1,000 dogs in Washington county are going to be rushed peremptorily into dog heaven August 1, provisionally that their owners, adopted or otherwise, do not fork over the necessary tax imposed by law and collected by the county.

The board of county commissioners have named August 1 as dog day, and have announced that the law must take its course. All tax collectors will be instructed to serve notice on all dog owners to pay their dog tax on or before July 31. This is applicable to delinquent taxes for 1911, 1912 and 1913.

### PROMISES TO BE GOOD AND GETS TO GO HOME

Promising to "be good" henceforth John Ballou, aged 10 years, of Second street, Charleroi, was sent home by Acting Burgess J. A. Watkins at Monessen this morning. He had been placed in the care of the police after having been wandering about the Monessen streets on Tuesday.

### Embezzlement Charge Filed.

Charged with embezzlement, A. Smith of Monessen has been placed under arrest, the information having been made by an officer of the Butler company in Pittsburg for whom he works. Smith denies that he took the \$2,460 which he is charged to have made away with.

## JULY 29 IS NAMED AS DATE FOR CELEBRATION

### Contract Let For Supplies

### School Board Transacts Business—No Departmental Teachers Named

The contract for the supplies for the Charleroi schools was awarded by the school board to Carl M. Wertz of Charleroi at the meeting of the board Tuesday night. This contract includes such supplies as books, pencils, ink, pens and writing materials. The selection of instructors for the domestic science department and the manual training department was not taken up Tuesday night, but will probably come up at the next meeting of the board, which will be held Tuesday, July 21.

## STARTING REPAIRS ON LOCKS

### Government Men Busy at Seven Points Along River

### MATERIAL IS DELAYED

More repair work and new work is being done on locks on the Monongahela river now than at any time in the past. Activity is noticeable at seven locks.

Concrete is being put in at Lock No. 6 this week. At Lock No. 4 here the work is moving along, but has not been progressing rapidly within the last few days because of a shortage in gravel. Work is being started on the repair work at Lock No. 12. Splash boards are being gotten ready at the U. S. boat yards at North Charleroi for dams 6, 7, 8, and 9.

The government steamer Swan left Tuesday at noon with dredge No. 2 for Lock No. 2 where the work of putting in drums will be started at once.

### EVERY JOES HAS REMARKABLE RECOVERY

Everly Jobes the son of Mr. and Mrs. L. E. Jobes has returned home from the Allegheny General hospital practically well from burns sustained 17 months ago. He has spent just one year of the 17 months in hospitals and has undergone three operations, one of which was for skin grafting. He had quite a remarkable recovery. His burns extended over the left side of his body and over his left arm.

### Charleroi and Ellsworth Committees Go Over Plans

### AWAIT OPENING OF LINE

### Tentative Announcement of Beginning of Service Made To Close Mines one Day

July 29 will be the date for the monster Charleroi-Ellsworth demonstration in celebration of the opening up of the Charleroi-Bentleyville line of the Westside Electric Street Railway company. This date was selected at a meeting of the Charleroi and Ellsworth committees Tuesday night with General Manager Charles F. Thompson of the railways line. Probably cars will be in actual operation before this date, but not on anything like a regular schedule.

Preceding the meeting of the two committees, the Charleroi council took up the matter of a Charleroi-Ellsworth day as announced, endorsed the idea and promised every assistance.

The Ellsworth committee was represented at the Charleroi meeting by a full complement of members. Plans were generally discussed. Superintendent W. E. Lahm of the Ellsworth Collieries company, who is chairman of the Ellsworth committee, stated that the mines could be closed down better on July 29 than on any other date. This date follows payday.

The personnel of the Charleroi committee is slightly different from that announced previously, having instead of J. E. Masters as treasurer, J. W. Mathias. R. O. Vetter is chairman and Dr. G. H. Smith, secretary. The Ellsworth committee consists of W. E. Lahm, chairman; Prof. E. E. Bach, Dr. H. J. Kirby, C. A. Miller and Andrew Boland.

## NAUGHTY MEN TAKE ALL LINGERIE OF JULY MORN GIRLS

When a bevy of a half dozen well known young women of Monessen at a picnic far back into Westmoreland county from Belle Vernon ventured to go bathing they considered themselves safe, even if they didn't possess such superfluous habiliment as bathing costumes. But their wits and there's the story. Some naughty men folk had followed them. While the vivacious maids were disporting themselves merrily in the cooling stream, those wicked men sneaked up. They grabbed every bit of clothing, yessir, even the shoes and stockings and those other things that mere man cannot name except as lingerie. Then they ran. The dear girls never saw, but they made the awful discovery when they reached the shore that their clothes were gone. Of course within two hours the missing lingerie was discovered in bushes a quarter mile away along the stream but the agonizing search meanwhile was terrible.

Monday started the greatest clearance sale in our history. To sell \$25,000 in July and August. Berryman's 1-13

Even as there are children who are  
skillful in all wisdom," so men held  
the highest honor of jesters some-  
times deliver themselves of serious-  
truths," says the Philadelphia Press.  
The immortal Mark Twain used to  
complain as other humorists have  
before him and since com-  
plained that he could never be taken  
seriously and that whatever he said  
was laughed at. Ex-Senator Chaun-  
cey Depew has suffered similarly  
from the consequences of his reputa-  
tion, but none the less wisdom some-  
times mingles with his wit. As an  
example, he is reported to have said  
in a recent speech at a banquet in Par-  
is that "in the new order of politics  
only about eleven per cent of the ac-  
tual voters of the country constitute  
the Government," and that "the au-  
thority of the President of the United  
States has grown until he now ex-  
ercises more power than the Czar of  
Russia."

Making all proper allowance for  
his somewhat exceptional extent to  
which President Wilson has waved  
his wand and whistled the birch in  
the faces of the docile majority which  
now sits in the seats of the humble in  
the Capitol at Washington, it is un-  
questionable true that the proportion

twenty-one years and over, being citi-  
zens of the United States, who in-  
terest themselves in the affairs of gov-  
ernment even to the extent of going  
to the polls on election day is, save  
under unusual circumstance, aston-  
ishingly small. The statistics of  
every election prove how infrequently  
more than a comparatively few of  
those who might vote do vote.

There are many causes that enter  
into the indifference to which Dr.  
Depew thus called attention, of which  
not the least is sheer laziness and an-  
other of which is a happy-go-lucky  
willingness to leave the conduct of  
the affairs of state to men who like  
that sort of work. And it is perfectly  
true, as Dr. Depew also said on this  
occasion, that "the people seem to like  
the change"—if it is a change. But  
it is equally true that the profession-  
al politicians cannot safely rely al-  
ways upon such indifference. The  
easy-going eighty-nine per cent, who  
are not habitually heard from are fully  
conscious of their power, whether  
they choose to use it always or not  
and when they do use it they get  
what they want.

A CHANGE OF METHOD

The Pennsylvania railroad, in a re-  
cent bulletin, tells of the trouble it  
takes to see that every passenger on  
its trains gets a seat, says the Bal-  
timore Sun. It tells how its conduc-  
tors are instructed to notify passeng-  
ers when detaching coupons from mil-  
lage books the number of miles cov-  
ered by the journey, in order that the  
passenger may check up the amount.  
It tells how the board of directors  
took formal action to provide for the  
retention in the railroad's employ of  
any employee who happened to be a  
member of the National Guard or  
ordered away for naval or military  
service. It tells how, for safety's sake  
it is building, nothing but all steel  
cars for its passenger traffic. And  
every day one hears of actions simi-  
lar to these by this and other rail-  
road companies.

ORDINANCE NO.

An ordinance authorizing the paving  
with vitrified brick and the curbing  
with stone or concrete of Seventh  
street, between the west side of  
Isabella avenue and Lincoln ave-  
nue in the Borough of North Char-  
leroi and providing for the col-  
lection of two-thirds of the cost there-  
of from the owners of real estate  
abutting thereon.

WHEREAS, the owners of prop-  
erty representing upwards of two-  
thirds in number of feet fronting and  
abutting on the street or streets here-  
inafter mentioned, have petitioned for  
the paving and curbing of said street  
or streets and the assessment of two-  
thirds of the cost thereof upon the  
owners of the real estate bounding or  
abutting thereon by an equal assess-  
ment of the feet frontage thereof,  
now therefore.

BE IT ORDAINED AND ENACT-  
ED by the Burgess and Town Coun-  
cil of the Borough of North Charle-  
roi, Washington County, Pennsylv-  
ania, and it is hereby ordained and en-  
acted by the authority of the same:

Section I.  
That the Burgess is hereby author-  
ized and instructed as required by Or-  
dinance No. 42, Section 4, to advertise  
for and receive proposals for the pav-  
ing with vitrified brick and curbing  
of Seventh Street, between the West  
side of Isabella Avenue and Lincoln  
Avenue, in said Borough in accord-  
ance with the plans and specifications  
of the Borough Engineer, approved  
by the Burgess and Town Council,  
and to enter into contract in conjunc-  
tion with Council, with any respon-  
sible party or parties such being the  
lowest and best bidder or bidders for  
said paving and curbing, such party  
or parties to give satisfactory secu-  
rity to do the work in strict conform-  
ity to said plans and specifications of  
the said Borough Engineer and under  
his direction and supervision.

Section II.

Upon the completion and approval  
of said paving and curbing and the  
costs and expenses ascertained, the  
Burgess and Town Council shall as-  
sess two-thirds of the costs and ex-  
penses of the same upon the property  
owners of the real estate bounding or  
abutting thereon by an equal assess-  
ment of the feet front bounding or  
abutting as aforesaid, said assessment  
to be estimated by the Borough En-  
gineer as required by the several acts  
of assembly.

## The Bede-Thompson Debate on "Socialism" a Notable Event

FEW features of the Chautauqua here will cause more widespread inter-  
est than the debate on "Socialism" between Hon. J. Adam Bede, who  
was for eight years Republican congressman from Minnesota, and Carl  
D. Thompson. Both Socialists and anti-Socialists will want to hear  
this debate. It has been placed on the evening program in order that every-  
body will be able to be there.

Hon. J. Adam Bede is one of the best speakers on the Chautauqua platform  
today. During the time that he occupied a seat in our national legislative  
halls he was known as "the humorist of the house," so witty were his sayings  
and so excellent his humor. After when in the midst of the ordinary work of  
congress, when there were many empty seats and general listlessness, Bede  
would rise to speak. Immediately the empty seats would fill and the feeling  
change to one of intense interest. In presidential campaigns Bede has made  
speaking tours on which he has been given the biggest city dates by the Re-  
publican national committee.

Mr. Carl D. Thompson is a graduate of the University of Chicago and at  
the present time the head of the department of information of the National  
Socialist Association. He is a very ready speaker, profoundly interested in his  
subject, and his wit is said to be equal to that of Mr. Bede.

# Advertising

COMMONSENSE people all now recognize the value of letting the public know who you are, and what you have to offer in the world in the way of commodity or service.

WHEN we speak of advertising we speak of the most powerful force that acts today in the world of business.

THE American people form by all odds the best educated and most open-minded public in the world. All they want is the truth, and when get that, they act clearly, logically and some times with surprising speed.

THE public wants to know the facts. It wants the facts about a kind of shoe or a brand of flour. It wants to know the kind of stuff that goes into a suit of clothes or a package of crackers.

The One Thing Above All Others

The Public Demands is Publicity

IT has learned to be very skeptical about any event that occurs in the dark.

DO not keep your light under a bushel and create the opinion that you are no longer in business. Let the people know what you have to offer to them.

### Its a Mistake

Made By Many Charleroi Residents

Many people in a misguided effort to get rid of kidney backache, rely on plasters, liniments and other makeshifts. The right treatment is kidney treatment and a remarkably recommended kidney medicine is Doan's Kidney Pills. Charleroi is no exception.

The proof is at your very door. The following is an experience typical of the work of Doan's Kidney Pills in Charleroi.

Mrs. W. Urban, 736 Fallowfield avenue, Charleroi, Pa., says: "I used Doan's Kidney Pills some years ago and they cured me of kidney disease. Another of the family had lumbago and suffered from severe pains in his back. The trouble was brought on by colds which settled in his kidneys. He got a box of Doan's Kidney Pills at Piper's Pharmacy and took them. The backaches were relieved in a short time. There is nothing to retract from my former endorsement of Doan's Kidney Pills. I am only too glad to recommend them again."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Urban had. Foster-Milburn Co., Props., Buffalo, N. Y.

### BIG VOTE FOR:

DR. BRUMBAUGH

The practical withdrawal of Theodore Roosevelt from participation in the political campaign in Pennsylvania has had the effect of redoubling the activity of the supporters of Dr. Martin G. Brumbaugh, the Republican candidate. While no one, who has any political sense, has had any doubt but that Brumbaugh would be elected the hope that he would have a landslide has been expressed only by his most ardent admirers.

Now, however, every man who is back of Dr. Brumbaugh feels that it is only a question of how big his majority will be and they are inspired by a determination to make a record high vote for him. The Democrats have made only small headway in the last 30 years in the number of votes gained, while the Progressive or Washington Party is admittedly an insignificant minority. Even with such help as Colonel Roosevelt is able to give if it be of the type of his efforts at Pittsburg it is not believed that his followers in this state will turn out in any greater numbers than they did at the primaries when Brumbaugh polled 8 votes to every one cast for Lewis.

With Dr. Brumbaugh's election conceded by every man who talks politics, irrespective of party, his supporters are exerting every energy to have his vote break all records in this state. On all sides this is conceded to be a Republican year and on the crest of success and personal confidence it is calculated here that Brumbaugh will poll at least three quarters of the votes cast next November.

Should he do that he will break all records for a high vote and establish a figure that probably will not be broken until there is a very great increase in population. It is universally admitted that Brumbaugh will be elected and added to the flush of admitted Republican success will be all the added weight of personal popularity, high ideals and a steadfast adherence to the right rooted in the greatest personal integrity coupled with executive ability that is unmatched in the public service of this state.

Daily, there come to Dr. Brumbaugh unsolicited many letters from men of all political faiths pledging their support and offering their services. In fact there has been organized in Lancaster County, where he polled 6,884 out of 7,216 votes cast, a movement to make the vote there unanimous. From now until next November admirers of the Republican nominee will spend their time reaching every voter in the county with the idea of pledging them to the movement to do the unprecedented and return every vote in Lancaster for Dr. Brumbaugh.

### FAYETTE CITY TAKES GAME FROM BELLE VERNON

In the Monongahela valley baseball league, Tuesday, Fayette City took the game from Belle Vernon by a score of 7 to 1. The pitching of C. Parks, who struck out 10 of the Belle Vernon players, was a feature of the game. That together with the hitting of his teammates was responsible for the big score. Fayette City got 16 hits while Belle Vernon only got 5. Six of their hits were for two bases and two of them for three bases. The score:

B. Vernon	0	0	0	1	0	0	0	9	1	5	2
F. City	0	0	0	0	1	3	1	2	7	16	2

### What Constitutes Success?

There are different standards of judging. John Wana maker ought to know something about it. He has attained heights in the business world where his opinion carry weight. Listen to what he says.

"The chief reason that everybody is not successful is the fact that he has not enough persistence. Do one thing well throwing all your energies into it. The successful man, unlike the pret. is made, not born."

Encouraging, isn't it? Now persist a little more diligently than ever. And let us help you by caring for your money.

## GOT THE VISUAL EVIDENCE

Eastern Doctor Trails a Drink of Punch From the Lips to the Stomach.

Having followed with his eyes the course of a milk punch from the mouth of a patient into his stomach, Dr. Henry V. Broesser of Hoboken, N. J., began the treatment of a case in which visual evidence will take the place of books and theories in measures to effect a cure. The doctor seemed specially pleased with the prospect because, he said, the chances would be against recovery if he had to rely on the blind expedients which practitioners commonly employ in such maladies.

The novelty in this treatment consists of the use of the fluoroscope in observing alimentary and digestive processes. Dr. Broesser made the diagnosis. No one before him had employed the fluoroscope for such a case, so far as he knows.

His patient was placed in front of the lighting machine and the X-ray directed toward the body with an intensity of 11,000 volts, but with amperage so attenuated that the man, experienced no discomfort. The extreme brightness of the ray projected on a glass screen, coated with a salt solution of barium platinum and cyanide, a replica in shadows of the living body, showing the beating heart and other organs so clearly that when the milk punch was drunk its passage from mouth to stomach, was perfectly visible on the glass.

## HISTORY A TURBULENT ONE

Since Its Freedom From Spain Mexico Has Passed Through Many Revolutions.

Mexico's history as a "republic" began ninety-one years ago, when Gen. Iturbide, who had been chosen emperor of Mexico and had taken the title of Augustin I, was forced to abdicate. The war for freedom from Spain began in 1810, and after a struggle of eleven years Iturbide decided the conflict in favor of the patriots and made a triumphal entry into the City of Mexico. The leaders decided to form the country into an empire, and Iturbide offered the crown to Spanish princes. The offer was refused and Iturbide himself was elected to the imperial throne. In July, 1822, he was crowned in the City of Mexico, but his reign was destined to be brief. Gen. Antonio Lopez de Santa Ana raised an army of rebels and, after several victories, forced Iturbide to abdicate on March 23, 1823. Santa Ana had previously proclaimed the "republic," and continued at its head until Gen. Guadalupe Victoria was "elected" president the following year. Iturbide was put to death when he returned to Mexico. Thus was a precedent established for the deposition of Guerrero, Arista, Santa Ana, Carrera, Alvarez, Comonfort, Juarez, Zuloaga, Miramon, Emperor Maximilian, Lerdo de Tejada, Iglesias, Diaz and Madero.

### Hatched by Water Bottle.

Mrs. W. H. Cross of Salem, Ore., had a setting of eggs from a fine variety of chickens. So happy was she in their possession that she all but counted the chicks before they were hatched. She was equally downcast, naturally, when the hen, after 12 days of careful setting, deserted the nest. Mrs. Cross found the eggs before they became chilled and placed them in a box behind the stove in her living room. Then she pondered quickly, for she was determined not to lose the chickens, and the problem was solved.

The hot-water bottle was requisitioned as a substitute for the reclining hen. It was filled with tepid water and placed over the eggs. Then Mrs. Cross conferred with her family physician regarding the temperature at which the water should be kept. She followed instructions to the letter, with the result that six chickens were hatched from the original 13.

### Highest Paid Navy.

The United States navy, which has been deprived of all intoxicating liquors, is the most highly paid of the world's navies. An American admiral draws \$3,000 a year, as compared with £1,900 allotted to the same rank in Great Britain, and £900 in Germany; and all the other grades of officers are equally well paid in proportion, remarks the London Chronicle. Even on the lower deck it is possible to draw pay amounting to \$30 a month and every sailor after ten years' service, is entitled to a substantial pension for life. There is no need to become an American citizen, before enlisting. According to a return issued two years ago, the United States navy then contained 636 Germans, 435 Irishmen, 294 Swedes, 236 Englishmen, 232 Chinese, and 214 Japanese, besides 2,875 foreigners who had taken naturalization papers.

## POOL SELLERS ARE POINT OF ATTACK BY DISTRICT ATTORNEY

On a charge of conducting a lottery in the form of baseball pools, four proprietors of pool rooms of Washington have been placed under arrest at the instance of District Attorney Richard G. Miller. The informations were made by Constable E. E. Cummins and the men placed under arrest were C. C. Hammond, proprietor of the Garden City; Laurence McConnell, proprietor of the Gem, and Walter Sutter and Lee Shepherd, joint proprietors of the Brunswick. All four men were held for hearings before Justice of the Peace J. F. Carmichael next Friday afternoon, beginning at 1 o'clock. Each man was required to put up bond of \$500 for his appearance. E. C. Horn furnished the bonds.

Mrs. Margaret Stuart, Mrs. Margaret Dunkerly and Mrs. Ruby Chalfant of Speers, were guests of the local union. The August meeting will be held at the playgrounds. A special program is being arranged under the leadership of Mrs. F. C. Stahlman.

## TEMPERANCE TALKER

### TELLS PEOPLE HOW

### TO BEAT INTERESTS

"She has done what she could," was the text from which Rev. L. L. Pickett of Kentucky one of the most noted temperance orators of the south and a singer and music composer of note, spoke to a large audience at the Methodist Episcopal church Tuesday night.

Rev. Pickett spoke of the financial and moral side of the liquor traffic. He advocated that all who are opposed to liquor should vote against it, and only vote for those candidates who are opposed to liquor traffic. He circulated pledges and asked that they be signed, which pledged the signers not to vote for any party that does not have a prohibition plank in its platform.

Rev. Pickett led all the singing at the meeting. He has a wonderfully sweet voice. One of the features of the lecture was the demonstration made on the streets and at the church by the Loyal Temperance Legion, which is composed of children from Sunday schools. They paraded the streets, wearing blue caps with white letters and carrying pennants. They gave cheers and sang songs showing much enthusiasm.
